

## Designed to move with you

Move around the room during video calls or while you're cooking along to a recipe and the brilliant 10.1" HD screen will automatically turn to face you. You can stay focused on who you're talking to or what you're watching.

## Stay in frame while you stay connected

Catch up with your favorite people without having to worry about keeping yourself in frame. Using auto-framing, the 13MP camera can pan and zoom to make sure you and your family are front and center. Make video calls to those with the Alexa app, an Echo Show, Skype, Amazon Chime (coming soon), or Zoom (coming soon).

"Alexa, call Grandma."

## Voice control your home

Alexa can control thousands of compatible smart home devices like security cameras, lights, thermostats, and more. Just ask her to show you the front door camera or brighten the kitchen lights.

Easily set up and control compatible Zigbee smart home devices without the need for a separate hub. Say "Alexa, discover my devices," and Echo Show 10 will discover and set up compatible devices so you can control them with your voice or manage them on-screen. The hub also works with Ring Smart Lighting (coming soon).

"Alexa, show me the front door."

## Take a look around when you're away

Securely access the built-in camera to look around the room—it's peace of mind whenever you want. You can also use Alexa Guard to help you keep your home and family safe. Once it's set up, Alexa can send you Smart Alerts if your Echo device detects the sound of smoke alarms, carbon monoxide alarms, or glass breaking. Learn more about Alexa Guard.

## Packed with entertainment

The speakers deliver premium, directional sound that adapts to the space you're in. See lyrics, recommendations, and album art with Amazon Music, Spotify, and more. The HD screen brings your shows to life from Prime Video, Netflix, Hulu, and other favorites. It's also perfect for catching up on the latest news and sports highlights.

"Alexa, open Prime Video."

## Alexa can be your sous-chef

As your kitchen companion, Alexa is ready to help you add to shopping lists, remind you of calendar events, or tell you how many grams are in a tablespoon. You can cook along to step-by-step recipes, and with a 1-year complimentary subscription to Food Network Kitchen Premium, get exclusive access to cooking classes and shows. Just say, "Alexa, open Food Network Kitchen," or learn more here.

"Alexa, open Food Network Kitchen."

## Put your photos on (smart) display

You can use Amazon Photos or photos from Facebook to turn your home screen into a digital frame that uses adaptive color to make your favorite pics look great in any light. And with the built-in camera, you can easily add to your photo album by saying, "Alexa, take a selfie." Plus, Prime members get unlimited photo storage.

"Alexa, show my photos."

photos

## Designed to protect your privacy

Built with multiple layers of privacy controls, including a mic/camera off button and a built-in shutter to cover the camera. Easily turn on/off motion at any time by voice, on-device, or in the Alexa app. The processing that powers screen motion happens on device - no images or videos are sent to the cloud to provide the motion feature. Learn more about how motion works and Alexa privacy.

## Simple to set up and use

1. Plug in Echo Show 10.
2. Connect to the internet.
3. Just ask Alexa for music, weather, news, and more.

## Every day is an earth day

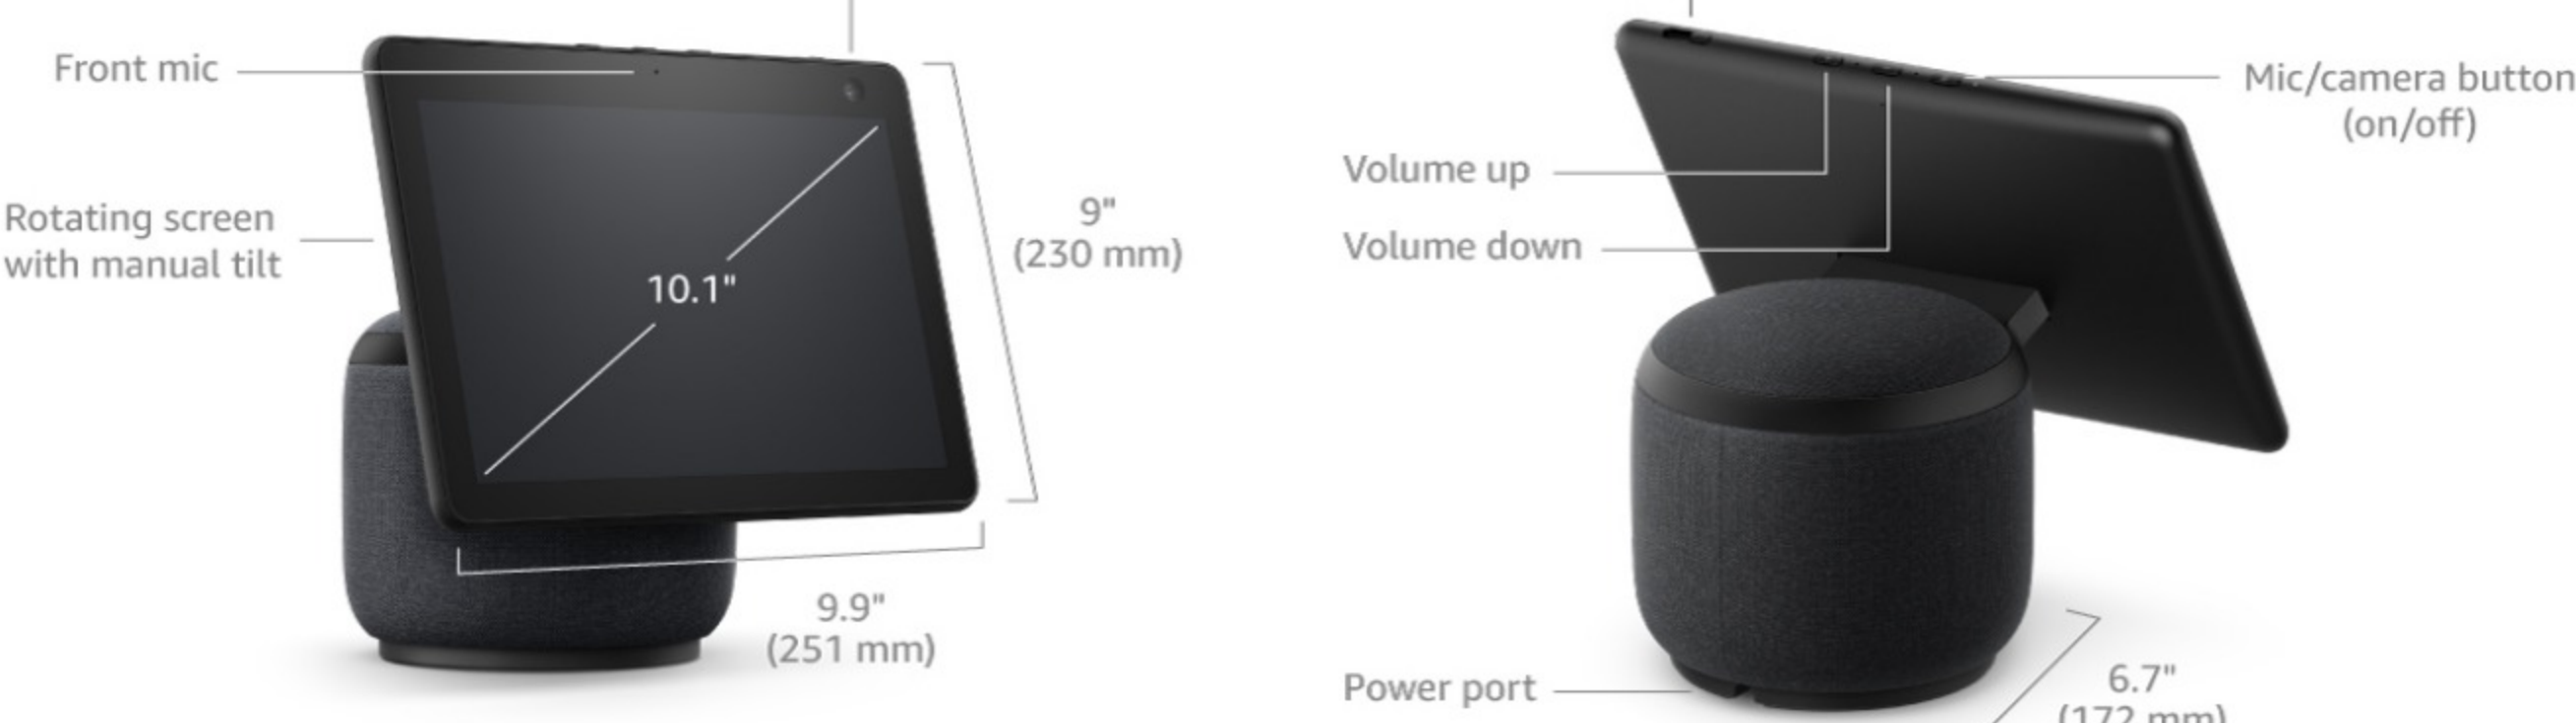

You don't have to be an environmental scientist to make sustainable choices. We considered sustainability in the design of this device. Here's how:

- Materials**  
30% post-consumer recycled plastics.  
100% post-consumer recycled fabric.  
100% recycled die-cast aluminum.  
Device, cable and adapter included
- Clean Energy**  
Amazon is building new wind and solar farms to produce clean energy equivalent to the electricity used by this device.
- Low Power Mode**  
To reduce its energy consumption, this device will enter Low Power Mode when it is idle. Low Power Mode is not available for certain user configurations. To learn more, see Low Power Mode Restrictions.
- Alexa**  
Track and manage the energy usage of your Alexa-connected devices with a new energy dashboard, coming soon to the Alexa app.
- Device Packaging**  
99% of this device's packaging is made of wood fiber-based materials from responsibly managed forests or recycled sources.
