3. GETTING STARTED

1. Connect the charging stand to any of the available USB ports on your PS5™ console or to a USB power adapter* using the Type C to Type A cable.

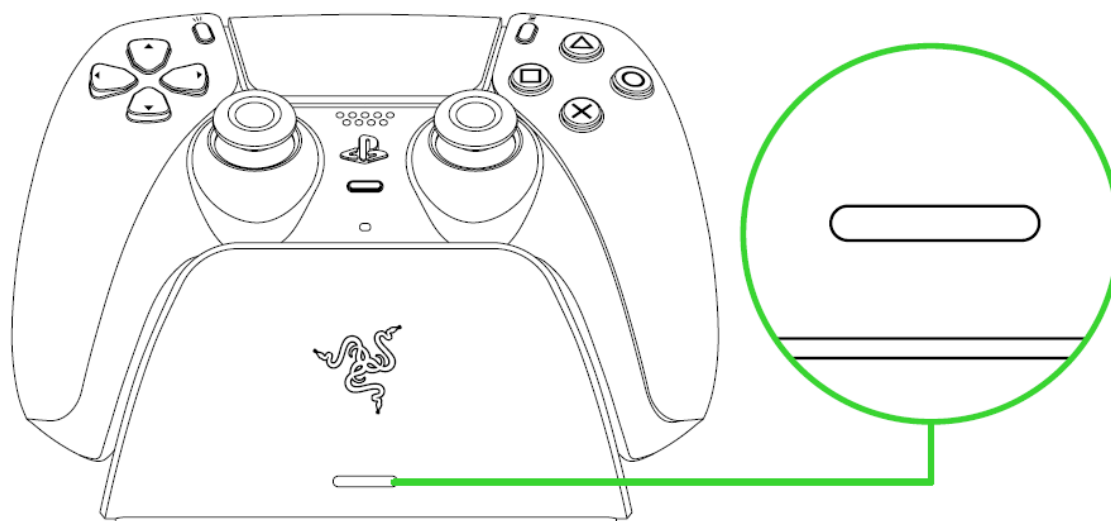

**Compatible with a 5V 1.4 A USB power adapter (not included).*

2. Place the controller on the charging stand with the charging terminals of the controller aligned to the charging connector on the stand. While charging, the light bar on the controller will slowly blink in orange, and the status indicator of the charging stand is in solid orange.

3. Wait for the controller to finish charging. Once fully charged, the light bar on the controller and the charging stand's status indicator will turn off.

i A depleted controller will fully charge in about 3 hours.

4. SAFETY AND MAINTENANCE

SAFETY GUIDELINES

In order to achieve maximum safety while using the Razer Quick Charging Stand, we suggest that you adopt the following guidelines:

Should you have trouble operating the device properly and troubleshooting does not work, unplug the device and contact the Razer hotline or go to support.razer.com for support. Do not attempt to service or fix the device yourself at any time.

Do not take apart the device and do not attempt to operate it under abnormal current loads. Doing so will void your warranty.

Keep the device and its components away from liquid, humidity or moisture. Operate the device and its components only within the specific temperature range of 0°C (32°F) to 40°C (104°F). Should the temperature exceed this range, unplug the device in order to let the temperature stabilize to an optimal level.

MAINTENANCE AND USE

The Razer Quick Charging Stand requires minimum maintenance to keep it in optimum condition. Once a month we recommend you unplug the charging stand, remove the attached controller, and clean it using a soft cloth or cotton swab to prevent dirt buildup. Do not use soap or harsh cleaning agents.
